

Our founder, Cornel Morariu, has more than 40 years of experience in the plumbing industry. When he began his journey in his homeland of Romania, the only vehicle he had to carry his tools, pipes, and fittings was a bicycle.

Today, Cornel's Plumbing, Heating & Air has grown to more than 80 employees.

We believe in getting the job done right the first time and providing **100% satisfaction**. If a customer is not completely happy, we will do everything in our power to make it right. *That's a promise.*

I just had Cornel's install a heat pump in my home and I couldn't be happier! In one day I had a full heating and air conditioning system installed and the old equipment hauled away—all at a great price.

My System Designer, Technician and his crew were highly skilled and efficient. I'm thoroughly impressed with this company and their work. You will be too.

You Deserve The Best!

For Your Plumbing, Heating & Air Conditioning

You've invested a lot in your heating, cooling, and plumbing systems. Like your vehicle, these systems need regular maintenance to run efficiently and reliably. Without it, they operate less efficiently, cost more to run, break down more often, and need to be replaced sooner.

At Cornel's, we're committed to protecting your investment. Our certified technicians are among the best in the business. Honest, professional, and equipped to do the job right—the first time.

Our annual membership is affordable, convenient, and packed with benefits for year-round peace of mind.

Sign up today by calling 503.558.2045 or online at CornelsPlumbing.com.

Cornel's Total Care Plan Only \$89 / per year*

Most equipment fails from missed maintenance. Get \$375+ in coverage for only \$89/yr. Never think about it again.
